Students can apply the steps to build partnerships (KK3)</li> <li>5. Students are able to explore the factors that cause conflicts, find solutions to problems, and find various supporting factors in building partnerships (KK7)</li> </ol>				
3	Description This course introduces students to the urgency and importance of governance, the history of governance development, and the position of governance in the study of public administration. In addition, an important point in this lecture is understanding partnerships. How is the pattern of partnership interaction formed in Governance. Furthermore, students will be invited to explore and look for examples of cases and phenomena that occur in the world of government in realizing partnerships in the business and private sectors. In analysing cases, students are expected to be able to find the root cause of the emergence of conflicts in building partnerships and how to find solutions.
