| | | Types of Tutorial/Lecture/Response | Contact hours : 150 Minutes / Week | | Independent study 360 Minutes / Week | Class size X students 30 students |
| 1 | Prerequisites for participation - | | | | | |
| 2 | Learning outcomes Students master the basic concepts of law in the field of business law and the basic concepts of ethics in business, especially those related to: 1. basics of law science; 2. basics in the field of civil law, contract law and developments in the field of business law; 3. basics in the field of corporate law; 4. the basics of securities and capital markets; 5. legal basis for consumer protection and business competition law; 6. business ethics. | | | | | |
| 3 | Description Business Law is a rapid development regarding legal actions and relations among legal subjects in the field of civil law. This course provides an understanding of the normative and ethical side of business law. The discussion will begin with the basic material of legal science, especially in the field of civil law and contract law. Furthermore, this course will discuss other branches of business law, including company law, securities and capital markets, consumer protection law and business competition law. This course will also discuss ethics in business, as a guide for business actors in managing or "behavior" their business in the market, both with their relationships with fellow business actors and also with their consumers. | | | | | |
