3	<p>Description</p> <p>Public management courses are courses that study the management of public organizations. This course can be a provision for students if they want to become public officials. The need for well-qualified, efficient and client-oriented public officials has been identified as a priority in all government areas. This course helps students develop an integrated conceptual understanding, synthesis and application of specific issues in public management. Therefore, this course will equip students with the knowledge and skills needed to fulfil their management role in public sector management.</p>				
4	Teaching methods: Lectures, Discussions				
5	Assessment methods: Assignments, Mid-Term Exam, Final-Term Exam, Quizzes
