CPL PS S1 Tourism

The graduate learning outcomes (CPL) of the UB Bachelor of Business Administration Study Program are as follows.

CPL1. Students are able to integrate behavioral and ethical values both in the community and work environment.

CPL2. Students are able to produce critical and innovative thinking to support business decision making in the tourism sector.

CPL3. Students are able to produce scientific studies to answer current issues in the field of tourism.

CPL4. Students are able to practice communication skills, both oral and written, effectively.

CPL5. Students are able to manage a business in the tourism sector by prioritizing entrepreneurial values.

CPL6. Students are able to implement science and technology in solving tourism problems.

ASSIGNMENT DESIGN

The assignments carried out in this lecture are in the form of Structured Assignments and Independent/Group Assignments.

- Structured lecture assignments are independent assignments for students in the form of homework according to the topics presented in lectures, which are done individually and can be presented/discussed in class during face-to-face meetings.

- Independent/group assignments in the form of writing individual/group papers in the form of reviews of scientific articles in international journals with a writing format adjusted to the applicable writing guidelines, and presented in class.
